Actuators/Controls

- MORIN** Pneumatic and Hydraulic Actuators.
-  **BIFFI** Pneumatic and Electric Actuators.
- AVID** Positioners, Position Monitors, Control Position Monitors, Solenoid Valves, Network Solutions.

Ball Valves

- KTM** 2 Way and 3 Way, Floating and Trunnion, 0.5"-60", ANSI 150-2500
-  **mcf** 2 Way and 3 Way, 3-Piece Construction, 0.25"-10", ANSI 150-600
- FACT** Sub-Sea, High Pressure, Split body/Trunnion, 2"-60", ANSI 150-10,000
- Hindle** Sub-Sea, High Pressure, Split body/Trunnion, 2"-60", ANSI 150-10,000
- raimondi** ANSI 150-2500, Sizes: 2"-54"
- Neotech** PTFE Lined, Vacuum-150 psi Sizes: 0.5"-6"
-  **PENTAIR** Trunnion-mounted API 6D Ball Valve
*Formerly TYCO Flow Control

Check Valves

- Gulf Valve** Dual Disc, Wafer/Lug, Fugitive Emission, 2"-72", ANSI 125-2500
- PRINCE** Single Disc, Wafer, ANSI 150 Sizes: 2"-48"

Globe Valves

- descote** Hazardous Service, Conventional or Bellows Seal, 0.375"-12", ANSI 150-2500
- raimondi** ANSI 150-4500 Sizes: 2"-72"
- fasani** ANSI 150-4500 Sizes: 2"-24"

Air Release Valves

-  **VENT-O-MAT** RF Valve, VENT-O-MAT Anti-Shock Air Release Valve for Surge Control.

Butterfly Valves

- KEYSTONE** Control/isolation, Resilient & Metal seated, High Performance, ANSI 150-300
- vanessa** Triple Off-set, Zero Leakage Rotary Process Valve, ANSI 150-900, Sizes: 3"-84"
- Neotech** PTFE Lined, Vacuum-150 psi Sizes: 1.5"-24"
- hovap** Pneumatically operated, double seated, balanced mixproof process valves.
- Winn** Soft & Metal Seated, Firesafe, High Performance (Double Offset) DN50-1200

Knife Gate Valves

- CLARKSON** Slurry Knife Gate valves for severe service isolation. 100% Bubble Tight Shut-off. 100-300 psi CWP, 3" through 54"
- Rovalve** Wedge Gate, Knife gate, Slide Gate, ANSI 150. Unique option for custom fabrication. Sizes: 2"-144"
- L&M Valve** Polymer Lined, Knife gate, Slide Gate. Up to 750 psi CWP Sizes: 2"-24"

Gate Valves

- raimondi** ANSI 150-4500 Sizes: 2"-72"
- fasani** ANSI 150-2500 Sizes: 2"-72"

Pinch Valves

- FLOWROX** Offers reliable solutions for abrasive, corrosive and other demanding shut-off and control applications worldwide.

Pressure Relief Valves

ANDERSON GREENWOOD Pilot Operated Pressure Relief Valves

CROSBY Direct Spring, Flanged, Threaded

KUNKLE Pressure relief, regulation, and control valves

Varec

Relief Valves, Flame Arrestors, Emergency Relief Covers, Gauge Hatches, Manhole Covers, Tank Blanketing Valves, Regulators, Floating Suction

Pressure Regulators

Cash Valve 1/8"-2" for threaded NPT and up through 6" for flanged configurations

Slurry Pumps

Heavy duty abrasion and/or corrosion resistant slurry pumps for the alumina, mining, power, aggregate, petrochemical, sugar, dredge and pulp & paper markets.

ESSCO

Heavy-duty pumps engineered for the industrial, industrial waste and wastewater markets. Available in 20+ alloys and in Horizontal, Vertical, Submersible and Column style pumps.

FLOW/ROX Flowrox Peristaltic Hose Pumps are designed for the toughest industrial applications and are ideal for abrasive, corrosive, viscous and crystallizing media.

Thompson Pump, the leader in portable diesel-driven pumps in the areas of public works, construction, agriculture, dewatering, mining, sewer/lift stations, and water/waste water.

DRAGFLOW Submersible Agitator slurry pumps.
Electric 5 - 300 HP. Hydraulic 24 - 400 HP.

Service Repair

GIW REGEN offers complete rebuild of pumps, gearboxes, and other rotating equipment to OEM specs.

Specialty Valves

Yarway Steam Traps, Control Valves, Desuperheaters, & Instrumentation.

HANCOCK Blowdown, Instrument, Globe, Check, Flow Control, and Y-Pattern Valves.

Alumina Tank Slurry Valves

LUNKENHEIMER Angle, Drain, Bayonet and Combination regrinding alumina valves.

Klein

Incline Globe Valves for the alumina industry

Process Pumps

Summit Pump Inc. is an OEM pump manufacturer. Summit offers a complete line of ANSI centrifugal pumps.

LUTZ versatile Drum and Container Pumps, and also air operated Double Diaphragm Pumps. Suited for aggressive, abrasive, or easily inflammable liquids.

Roper features a complete line of helical gear pumps for the Industrial, Transport and Oil and Gas marketplace.

Process Equipment

World's leading manufacturer of hydrocyclones for separation, classification and dewatering of slurries. Liquid/Liquid separation of oil/water and other immiscible liquids.

Brawn offers the absolute best value in mixing equipment available. Choose from their full line of mixers up to 200hp.

LUTZ flow meters are instruments for measurement of thin-bodied to highly viscous liquids. They are suited for all applications; either in a mobile pump system or stationary piping.

APPCOR Gauge Guards, manufacturer of gauge and instrument protectors specifically designed for slurry service since 1976.

*PENTAIR Valves and Controls - Formerly TYCO Flow Control

We are continually updating our product offerings.

Please call us with any applications.
